## **ARTICLE 12**

### **WORK SCHEDULE / HOURS WORKED**

**Inspectors and Captains** work a 40 hour workweek and throughout this contract will be referenced as staff employees. The Fire Chief has the discretion to determine the schedule.

**Firefighters, Lieutenants and Battalion Chiefs** work a 24 hour shift starting at 7:30 am to 7:30 am the next day (24 hours) and throughout this contract will be referenced as shift employees. They are on shift for 24 hours and are off duty for 48 hours.

#### **Payroll Work Period**

For purposes of calculating overtime in compliance with the Fair Labor Standards Act (FLSA), Federal Legislation which sets minimum wage, overtime pay, equal pay, record keeping and child labor standards for covered employees. The District uses a twenty-eight day “work period” for shift employees and a seven day work week Monday through Sunday for staff employees.

#### **Overtime**

During the seven day work period identified above, staff employees are scheduled to work a minimum of 40 hours. Any hours worked in excess of 40 in the work period shall be paid at time and one-half.

During the twenty-eight day work period identified above, shift employees are scheduled to work a minimum of 212 hours. Any hours worked in excess of 212 in the work period shall be paid at time and one-half. Time off, known as Kelly Days, are not an option.

Payroll shall be bi-weekly.

All time off shall be considered as hours worked when determining overtime with the exception of sick time. Time off associated with a covered Worker’s Compensation injury shall also be considered as hours worked when determining overtime.

#### **Holdover**

When an overtime holdover is generated from the oncoming shift, the off going shift shall have the initial opportunity to fill the holdover need.

When an overtime holdover is generated by an “on duty” employee during the course of their shift, the oncoming shift shall have the initial opportunity to fill the holdover need.

All holdovers will be rank for rank, unless the off going shift does not have that rank, in which case another rank may be utilized.

When staffing drops below three (3) personnel per “first out” responding unit, a holdover opportunity shall exist.

When three (3) or more Officers are off duty, a holdover opportunity shall exist.

When a Battalion Chief is off duty his position will be filled by an Acting Battalion Chief from his/her shift. If no trained Acting Battalion Chief is available from that shift then the off going Battalion Chief shall fill the holdover need. All or part of the holdover can be shared with another Operations Division Battalion Chief.

Each Station 1 Lieutenant shall maintain a log sheet for their shift and record the hours, keeping the log current. The log sheets of all three (3) shifts shall be kept in a single binder to provide access for all Station 1 Lieutenants to properly schedule holdover equitably and evenly.

The Station 1 Lieutenant will contact the affected rank employees, (\*if they are available), starting with the employee with the lowest recorded holdover hours. Each employee in the affected rank classification will be asked until coverage has been made. The Lieutenant will record on the overtime log which employee worked the holdover and the amount of hours involved.

NOTE:-An employee may not be available due to vacation, shift exchange (off duty or working the shift needing the holdover), or absent. These circumstances will not count as a refusal against the employee.

If all personnel on the off going or oncoming shift of the rank needed refuse the time offered, the person with the least amount of total recorded holdover hours shall be mandated to holdover. If two or more personnel of the same rank have accrued the same amount of holdover hours, the person with the least amount of seniority shall be mandated to holdover.

The employee that is mandated to holdover may obtain a replacement from the off duty personnel of the same rank. If there are no personnel of that rank available, then the next highest rank will be considered. The Lieutenant or Battalion Chief must approve any replacements before this will take place. The employee mandated the holdover **shall not** be released until their replacement arrives and is ready for duty (in uniform and has their bunker gear). The employee mandated to holdover will be recorded on the log as worked as well as the number of hours scheduled. The replacement will not be logged as a holdover on the log sheet.

It shall be the responsibility of the personnel to notify their Station 1 Lieutenant of any additional time worked. It is the responsibility of the Lieutenant to insure that the time is recorded on the individual's time sheet.

On January 01 of each year all holdover hours shall be continued from the previous calendar year and transferred to a new holdover log sheet. A holdover shall be rank for rank and offered to the employee with the least amount of holdover hours worked at that rank first. If two or more employees have the same amount of holdover hours, the employee with seniority will be offered it first. If all employees of that rank refuse the holdover, the employee with the least seniority in that rank/classification will be mandated to holdover. The log sheet of holdover hours shall be kept current and continue year to year without discontinuation or deletion. All holdover refusals shall be recorded and considered as a “pass” on the holdover. Employees that refuse a holdover opportunity will not be offered it again until all employees of the same rank have been offered a holdover opportunity.

No personnel shall be permitted to work more than two (2) twenty-four (24) hour shifts consecutively, unless approved by a Chief Officer.

Personnel are encouraged to contact their Supervisor one (1) shift in advance to determine if they would be scheduled for a mandatory holdover in their rank classification if the need arises.

Personnel reporting an absence are required to contact the Battalion Chief prior to 07:00 on their assigned duty day, but are encouraged to make that contact as soon as possible to allow adequate time for scheduling of personnel

If a person has a pre-scheduled off duty activity, whereas a holdover would cause a great inconvenience or expense, they are encouraged to advise their Lieutenant as far in advance as possible so that consideration can be made.

### **Prolonged Coverage Guidelines**

Purpose: To equally offer and disburse overtime for all shift personnel.

Definition: For the purpose of filling shifts for personnel that are on long term illness or injury that require more than two (2) shifts.

### **Guidelines for Disbursement**

Once the need for overtime has been determined for an employee on long term illness or injury the following shall take place.

The on-duty Lieutenant at Station 1 shall start with the senior person in the rank that needs coverage.

An overtime log book will be kept by the Station 1 Lieutenant(s) and the records in the log book will be updated by this Lieutenant.

Employees working the overtime should first be filled with the same rank, which may be

adjusted as necessary by the Battalion Chief on duty.

Example: If an employee on A-Shift has been determined that he/she will be absent more than two (2) shifts due to long term illness or injury, then the personnel of the same rank equitably and evenly on both B & C Shift shall be offered the overtime to cover the shifts; a ratio of 1 to 1, C-Shift would be offered the first holdover opportunity and B-Shift would be offered the next holdover opportunity. This 1 to 1 ration shall continue in effort to equitably and evenly distribute scheduled holdover opportunities. The shift that is offered the holdover opportunity is unable to fill the holdover vacancy on a voluntary basis then it will revert to a mandatory holdover. The employee mandated holdover shall check with the Station 1 Lieutenant/Supervisor to check the holdover log when finding a replacement which shall begin with asking the employee with the least amount of hours. The employee mandated to holdover will be recorded on the log as worked well as the number of hours scheduled. The replacement will not be logged as a holdover on the log sheet. If the employee mandated to holdover is on C-Shift and successfully finds a replacement on B-Shift, then C-Shift will have forfeited their opportunity and the next scheduled holdover opportunity will go to B-Shift.

If an employee has accepted the overtime and is unable to work the overtime on that duty day, he/she shall be required to find coverage.

The Battalion Chief shall be notified of any changes prior to the employee being relieved of the scheduled duty day.

### **Inspector Call Back**

An Inspector or Deputy Fire Marshal will be scheduled for “call back” for a seven (7) day period from Monday to Sunday. The “call back” scheduling shall be equitably and evenly distributed amongst the Inspectors and Deputy Fire Marshal. The Inspector or Deputy Fire Marshal who is scheduled for “call back” shall be paid a minimum of five (5) hours overtime for the seven (7) day period. There will be a minimum of 1 hour compensation for a call back after hours. Time after the first hour will be in quarter hour increments. The Inspectors or Deputy Fire Marshal may swap a seven (7) day period or individual days of “call back” with the Fire Marshal’s approval.

**ARTICLE 13**

2. Progressive discipline means that the employee is subjected to progressively more severe discipline where the standards of conduct continue to be violated for the same or separate offense. The standards for disciplinary actions specify the range of disciplinary action that may be taken for each offense and the progressive discipline which may be imposed for each succeeding offense.
3. Cumulative discipline means that prior offenses that are in the “working file” for which an employee was disciplined may be used by the disciplinary authority in determining the severity of the action to be taken for the current offense even though the prior offense(s) may not be similar to the current offense. In such situations the disciplinary action taken shall be both progressive and cumulative.
4. Normally, discipline will be progressive only. However, when an employee commits different offenses (3) within (120) calendar days and is unwilling or unable to correct their behaviors to the extent necessary to conform to reasonable conduct or work standards, progressive and cumulative discipline may be warranted and shall be applied.
5. Employees shall be entitled to representation upon request in accordance with their Weingarten Rights during any investigatory interviews, including interrogations pursuant to the Firefighter Bill-of-Rights.

These documented coaching sessions will be used at the time of the employee’s next evaluation, however will not be considered as formal discipline.

- B. **Formal Counseling:** is issued when an incident is of a nature that a record of the incident and the counseling is to be placed in an employee's personnel file or an action/behavior was repeated after coaching. Formal counseling forms are active for a period of six months. (See Appendix B).

Written Reprimands are placed in an employee's personnel file and are active for a period of one (1) year. (See Appendix C).
- D. **Administrative Leave:** In cases of allegations of misconduct and/or unsatisfactory job performance where an investigation is warranted, the District reserves its right, depending on the circumstances, to place the employee under investigation on suspension for the duration of the investigation. Whether or not the suspension will be with pay will depend on the outcome of the investigation. If and when the employee is cleared of all charges, he or she will receive pay for the time spent on suspension. The employee shall continue to receive pay and benefits for the duration of the suspension.
- E. **Disciplinary Suspension (Without Pay):** is issued when an infraction(s) is serious enough in the view of the District that a reprimand would be an insufficient level of discipline. All disciplinary suspensions shall be documented on a Discipline Action form, which will be deemed as active for twelve (12) months. The decision to impose a disciplinary suspension may be based not only on the infraction(s) at issue, but also the employee's active disciplinary record. (See Appendix D).
- F. **Termination:** The decision to terminate an employee's employment may be based on one or more infractions, but may also take into account the employee's active disciplinary/performance record.
