Fire / EMS Report:

This month was very busy for the training division. We completed an In-House class "Aerial Operations". LT Foss was the lead instructor and personnel from SMFR, EMFR, & SCFD attended and completed this state approved class. We also completed the LifePak 15 training and should be able to roll the new units out the first week of May 2019. Several of our volunteer personnel completed their intern program, and successfully passed their practical examination. We are continuing our EMS renewal process and three of our personnel passed paramedic school, and also completed their national registry testing. In May, several of our personnel will attempt their drivers testing on various apparatus as they will be finishing up their required training.

May Training Topics:	**Target Solutions Assignments**
