Rider Certifications:	00
Courses Completed:	LT D'Agostino – Legal & Ethical Issues

Fire / EMS Report:

This month the Training Division started the process for the Logistic Officers position. We gave the written test this month and the practical assessments will be the first week of March. This month we also completed the Bi-Annual CPR renewals, and this year we also monitored our BLS Instructors to renew their licensure. This month we also completed a public CPR class for Dr. Chapman DDS. This business owner also donated 1500 plus responder mask to our district in 2020 during the Covid-19 pandemic. We also met with Chris Craft Manufacturing where we will be doing several First Aid / CPR classes. Once we complete the training courses, we will schedule a site drill which will involve on scene emergency responders, our personnel, and MCEMS in a joint drill. Finally, this month we began our annual respiratory fit testing process.
